

Pleasant Ridge Manor Visitation Guidelines

Effective Wednesday, March 31, 2021

In response to the most recent CMS, CDC and Pa DOH Guidelines

Visiting hours as follows:

Monday, Wednesday, Friday, Saturday, Sunday 10am – 2pm

Tuesday & Thursday 4:00pm to 7:00 pm

Requirements:

- Visitors must sign in and out of the building
- Visitors must be screened
- Face masks must be worn by resident and visitor the entire time
- Visitors may not eat or drink while visiting
- Only 2 visitors at a time (for social distancing)
- Must go directly to resident room/visit area and back only
- May only visit in resident room if there is no roommate
- May only embrace your loved one if they (resident) have been vaccinated.
No physical contact is permitted if a resident is not vaccinated.

Suggestions:

- Call ahead (ext. 256) preferably the day before to be sure there is space available. There are only 10 visit spaces available at a time.
- Visits are not timed, but we suggest limiting to no more than an hour to allow others to receive visitors.
- Visits can occur during open visit hours (above) at this time; expect compassionate care.
- Weather permitting, outdoor visits are encouraged in areas such as courtyards, patio, or anywhere on our campus where social distancing can be maintained.

Please contact Stacey Schnars, RN Infection Preventionist at ext. 207 with questions.
